**Part III REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a picture encoding apparatus for encoding inputted picture data to generate a plurality of hierarchy data being a plurality of resolutions which are recursively different, comprising means for determining a number of quantization characteristics pertaining to a quantization value of low hierarchy data being a resolution higher than that of upper hierarchy data being a low resolution based on information pertaining to the upper hierarchy data without utilizing any information pertaining to the low hierarchy data as claimed in claim 52. Similar features are claimed in claims 72 and 92. Therefore, claims 72 and 92 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
